## INVOCATION

In the name of Allah  
the Beneficent, the Merciful,

Praise be to Allah, Lord of the worlds,  
The Beneficent, the Merciful,  
Owner of the Day of Judgement,  
Thee alone we serve,  
Thee alone we ask for help,  
Show us the right path,  
The path of those whom Thou has  
bestowed favours.  
Not the path of those who earn Thine anger,  
Nor of those who go astray.

its possessor to distinguish  
what is forbidden from what is not.

It lights the way to Heaven;  
It is our friend in the desert;  
Our society in solitude;  
Our companion when bereft of our friends;  
It guides us to happiness;

It is our ornament in the company of friends;  
It serves as an armour against our enemies.

### **THE NEW COLLEGE**

The New College was established in 1951 and is affiliated to the University of Madras. Having completed 64 years of dedicated service to the nation, the college has earned an enviable reputation as a leading institution of higher education in Chennai. The college was founded by the Muslim Educational Association of Southern India (MEASI) with the primary aim of providing higher education to the educationally backward sections in general and Muslim students in particular. However, its doors are open to deserving students irrespective of community, caste, creed or socio-economic considerations. With a humble beginning of 200 students in the intermediate course, it has grown to the current combined strength of over 5000 students in the Aided & Self-financed streams. The College offers **12 UG, 7 PG, 7 M.Phil and 8 Ph.D Courses in Shift-I (Aided) and 9 UG and 5 PG courses in Shift - II (Self finance)** spanning Arts, Commerce & Science programmes.

The New College was first accredited by NAAC with B+ + in 2005. The UGC conferred Autonomous status to the College in 2007. The Choice Based Credit System (CBCS) recommended by TANSICHE was introduced in 2008. These have helped the college to focus on quality and holistic education of students, carry out many academic innovations in curriculum design, conduct of examination and evaluation and groom students who are more employable with requisite life and personality skills. The College was re-accredited by NAAC in 2010 (2nd Cycle) with 'A' grade and CGPA of 3.18 and 3.08 in 2016 (3rd Cycle) on a scale of 4.00. The College has passed several significant milestones. It was selected by UGC in 2004, to offer Career Oriented Add-on programmes in Clinical Laboratory Technology (Certificate, Diploma & Advanced Diploma courses), Computer Assembly & Servicing and Quantitative methods & Computer Applications.

A large number of students have enrolled in the college NCC and NSS Units.

The College is one of the most preferred educational institutions in Chennai due to its central location, excellent infrastructure, dedicated teaching staff and emphasis on "Teaching beyond the classroom and beyond the curriculum". The curriculum includes modules on Deeniyyath and Moral instructions, Computer skills. Personality enrichment, Soft skills and Environmental studies which help in the integrated/holistic development of the individual. The College has a "remedial coaching scheme" for students who are academically weak, a "students counselling programme" with a dedicated class counsellor to mentor and monitor the progress of the students and an English language lab to train students in communication skills. It has an active Career Guidance and Placement Cell which has facilitated the successful placement of students in many reputed concerns.

The New College Alumni have excelled in various spheres of life - Bureaucracy, Public and Social service, Judiciary, Business, Industry, Medicine, Scientific research, Fine arts, Sports, Entrepreneurship, etc. The College strives to produce well-moulded graduates with stress on academic intellect, leadership, team building, spiritual, moral and ethical orientation.

The College, since becoming autonomous, has constituted the following committees to ensure proper management of academic, financial and general administrative affairs:

- Governing Body
- Academic Council
- Board of Studies
- Finance Committee
- College Council

**Governing Body:** It is responsible for the overall governance and administration of the college. It includes representatives from the management, senior teachers, educationists / industrialists, nominee of the UGC, state government and the university with the principal as the ex-officio member.

**Academic Council:** It is responsible for all academic matters such as framing of academic policy, approval of courses, regulations and syllabi. The composition of this council includes the Principal, all heads of departments, four senior teachers of the college, four experts from outside the college nominated by the Governing body, three nominees of the university and a faculty member nominated by the Principal.

**Board of Studies :** It is the basic constituent of the academic system of an autonomous college and its functions include framing the syllabi for various courses, reviewing and updating syllabi for various courses, introducing new courses of study, determining details of continuous assessment etc.

**Finance Committee :** It will advise the Governing body on financial matters.

**College Council :** Its function is to advise the Principal on the internal affairs of the College. The College Council consists of the Principal, Professors in-charge (Shift-I & Shift - II), Controller of Examinations, Bursar, all the Heads of the Departments, Senior most Associate Professor of the Departments, President, Secretary and Treasurer of the New College Staff Association, N.C.C. & N.S.S. ## **THE AIM OF UNIVERSITY EDUCATION**

(Subject of Chapter II of the University  
Education Commission Report)

Democracy depends for its very life on a high standard of general, vocational and professional education. Dissemination of learning, incessant search for new knowledge, unceasing efforts to plumb the meaning of life, provision for professional education to satisfy the occupational needs of our society are the vital tasks of higher education.

There must be sufficient unity of purpose in all this diversity to produce a community of values and ideas among educated men. Our policies and programmes must be brought in line with social purpose which we profess to serve. We may use various institutional norms as time and circumstances may require but we must be steadfastly loyal to the abiding elements of respect for human personality, freedom of belief and expression for all citizens, a deep obligation to promote human well being, faith in reason and humanity.

The greatness of a country does not depend on the extent of its territory, the length of its communications or the vastness of its wealth, not even on widespread education or equitable distribution of wealth. Important as all these things are if we wish to bring about a savage upheaval in our society, all that we need to do is to give vocational and technical education and not starve the spirit.

We will have a number of scientists without conscience, technicians without taste who find a void within themselves, a moral vacuum and a desperate need to substitute something, anything for their lost endeavour and purpose. Society will then get what it deserves, if we claim to be civilised. We must develop thought for the poor and the suffering, chivalrous regard and respect for women, faith in human brotherhood regardless of race or colour, nation or religion, love of peace and freedom, abhorrence of cruelty and ceaseless devotion to the claims of justice.

We cannot preserve real freedom unless we preserve the values of democracy, justice and liberty, equality and fraternity. It is the ideal towards which we should work though we may be modest in planning our hopes as to the result which in the near future are likely to be achieved. "Utopias are sweet dreams" wrote Kant but to strive relentlessly towards them is the duty of the citizen and of the statesman as well". Universities must stand for these ideal causes which can never be lost as men seek wisdom and follow righteousness.

### **From the Desk of the Honorary Secretary & Correspondent**

Be punctual to your classes and do not involve yourselves in undesirable activities. Work hard and do your best, only then you will succeed in your goal. Discipline is the need of the hour.

You will always be remembered as a student of this college. Therefore, with your character, conduct and behavior, you must be a role model to others. I wish you all the best.

JAZAKALLAH

### From the desk of the Principal

It gives me immense pleasure to welcome all the students of Under -graduate and Post -graduate courses and research streams to this premier institution. Our college, enjoying total autonomous status for the last several years, has recently been upgraded and placed at 'A' grade by the National Assessment and Accreditation Council (NAAC), thanks to the Staff and the Students for these achievements.

Located in the heart of the city, The New College is the cynosure of all eyes. The infrastructure that the college has is second to none. There is no force more paralyzing than the fear of failure. To overcome this, we mould our students to be self confident and pragmatic such that when they enter life after their studies, they are empowered to face various challenges with courage, conviction and success. What do we expect from our students in return? They must be regular and punctual to their classes. They should respect their parents and teachers. Honesty and discipline should be their watchwords. Concentration on studies and systematic preparation will ensure academic excellence. Taking part in sports, co-curricular and extra- curricular activities will make the students more competitive. Campus interviews by reputed firms leading to placement are regularly held for the outgoing students every year. The students must exhibit exemplary behavior even outside the college without getting themselves provoked or letting themselves be taken for a ride especially while traveling. Directly or indirectly, knowingly or unknowingly, they should in no way bring disrepute to the college of their study. I am sure our students will always strive to uphold the dignity of our college and keep its flag ever flying high. India is known for its rich values, culture and heritage. I impress upon all our young learning community to emerge as her proud and worthy citizens.

I wish our students success in all their endeavours'.
